What you'll get

A two-day programme that builds on the knowledge you already have and takes your skills to the next level.

More practical tools, more insights into what makes individuals and teams tick, and more opportunities to practice and share learning with people in similar situations.

An in-depth look at leadership and management practices so you're set up to lead in any situation and get results.

Graduated from out 8 Steps Programme?

Here are the next 8 steps...

- Review 8 Steps workshop tools
- Leading through a shared vision
- Understand the complexities of leadership and management and how to do both well
- Increase team performance through Level II Coaching and performance development
- Manage culturally diverse teams and individuals
- Team Planning and Visual Management
- Setting up processes for success
- Action planning
